

With over 22 years of experience, **Plant & Equipment** has been providing valuable marketing services for the heavy equipment, trucks, and spare parts industry. As the market evolves, we will continue to innovate and develop prized tools for global construction traders.

Along with being one of the leading media houses in the heavy equipment and trucks industry our pool of contacts, network, and resources are what set us apart from any other media enterprise in the Middle East and Africa.

Plant & Equipment is constantly evolving and working together to create the most cutting-edge marketing strategies. Our strategy focuses on solutions to help our sellers build a better network that allows profitable growth.

Plant & Equipment has deep knowledge and experience about the heavy equipment and the trucks industry such as marketing via digital and print. This is accomplished through our distinguished **Plant & Equipment** magazine or our pioneering website PlantAndEquipment.com.

Products Overview

Plant & Equipment is the vital source for features on the most recent construction products, global industry news, exhibition and auction reports, and the latest marketplace of heavy equipment and trucks for sale. This can be seen through our renowned printed magazine, innovative news and classified website, weekly newsletter, and social media.

PlantAndEquipment.com Overview

PlantAndEquipment.com is an online platform where buyers and sellers are able to connect online. Since the website's inception, formerly mideastplant.com, we have evolved to provide PlantAndEquipment.com. Hence, the domain name PlantAndEquipment.com derives from our **Plant & Equipment** magazines that date back to 2000.

Since the launch of PlantAndEquipment.com in 2018, we have been witnessing staggering growth online. Today, the marketplace manages over 70,000 listings as more dealers have signed up for our six-month or twelve-month subscriptions, online traffic has increased significantly month to month and average of 450 buyers' enquiries per day!

The momentous evolution in our online traffic and engagement related to heavy equipment, trucks, and spare parts strengthens the position of PlantAndEquipment.com being

the leading destination for classifieds, industry news, exhibition updates and upcoming auctions.

Digital Services

EDM (Email Direct Marketing)

47,000+ database

Being in the marketing business for heavy equipment and trucks for 22 years has allowed us to collect a large and valuable database for email campaigns. Such data have been collected via global exhibitions, valuable contacts within the construction industry and online subscriptions.

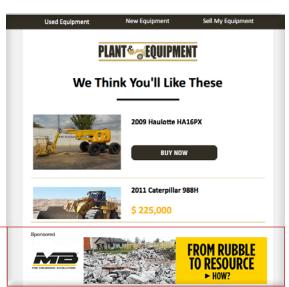

Our team offers EDM services that involves distributing targeted email blast campaigns to an extensive choice of demographics across the global construction industry. Email blasts via our database channel is a well-liked method that can easily promote your brand, products, and services.

We can design and modify your campaigns in house, and coordinate for the email campaign to be broadcasted in our 45,000+ database. A post EDM campaign report will be provided allowing you to understand how many subscribers have opened your email campaign and clicked on the email campaign links.

EDM Banners

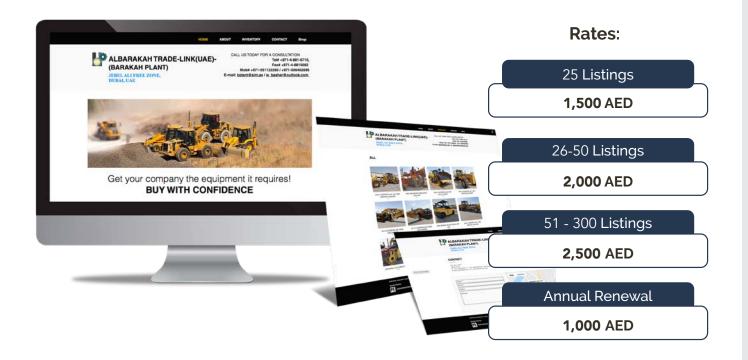

An alternative option is our EDM banners which are showcased in Plant & Equipment's 45k+ database for two weeks. These popular banners are featured in our EDM newsletters that are sent out four times a week.

Digital Services

Professional Dealer Website

Whether you are selling heavy equipment or trucks or even spare parts, our personalized dealer website program can fulfill the requirements to sell online as your own website. Your personalized website will be provided with your logo, brand, and most importantly your listings for sale. This will allow you to seize additional enquiries, attract more worldwide buyers, add further credibility as a dealer, and sell more equipment online. Best part, you will have automatic uploads/editing from PlantAndEquipment.com to your personalized dealer website and vice versa!

Advantages

- Increase visibility
- Improve SEO for your company
- Brand your dealership
- Show listings you have for sale
- Tailored domain name
- Personalized email address
- Another option for your global buyers to contact you
- Mobile and user friendly
- Save time and money
- Automatic uploads/editing from PlantAndEquipment.com and your professional dealer website.

P&E Testimonials

"When It comes to Plant & Equipment they provide a 360 approach, they utilize social media, print ads and digital ads. The team is very supportive and flexible when it comes to adapting artwork and placing ads on their platform."

"Plant and Equipment has always been very sufficient, timing, and their communication is great. The art work they put together off of very little information at times looks so professional and business like, it really catches the eye."

"We've choosen Plant & Equipment cause it's very effective to help us gathering new leads and bringing traffic to our website. It's a very reliable partner for us."

"The P&E team helped advertise our Concrete and Crushing Screening Plants machines to fulfill our online marketing strategy. The team came through for us by providing a full plan on how to achieve it and widen our presence in the world market."

"Plant & Equipment is a media leader in the Middle East & Africa region. We have established the cooperation for more than 10 years and for us, the team is an excellent and reliable partner."

"We were keen to promote our Operator Training business throughout the Middle East and Africa. Working with Plant & Equipment to advertise our services was a logical decision."

"I must say, they provide amazing service! They listen to our needs and even more, they offer suggestions for the improvement of our visibility online and offline. I experienced, that people at P&E are very skilled and knowledgeable."

"We were able to achieve everything we wanted for our brands and our first auction in Kuwait. The media coverage from the online listings, banners, and P&E magazine generated a lot of positive buzz for us."
